

NLM RESOURCES FOR PUBLIC HEALTH PROFESSIONALS

MedlinePlus®

Consumer health information in English and Spanish including diseases, wellness topics, drugs, genetics, tests, herbs, supplements, news, and videos. Includes a collection of patient education materials in over 55 languages.

<https://www.medlineplus.gov>

Spanish: <https://www.medlineplus.gov/spanish>

MedlinePlus Connect

Free service for health IT systems, patient portals, and electronic health records (EHRs) to link to targeted, consumer-friendly patient information from MedlinePlus.

<https://www.medlineplus.gov/connect>

Network of the National Library of Medicine

Program coordinated by the National Library of Medicine to advance the progress of medicine and improve public health by providing equal access to biomedical information and improving the public's access to information. Provides grants, webinars, and trainings.

<https://www.nlm.gov>

National Public Health Coordination Office

The NPHCO provides access to evidence-based public health resources including journals, e-books, and databases through the Public Health Digital Library. NPHCO has partnered with local health science libraries to provide document delivery services to members. Members collaboratively fund access to the resources with additional support from the Network of the National Library of Medicine. Local, municipal, and state public health departments can contact phdl@umassmed.edu for more information.

www.nlm.gov/about/offices/nphco

NLM Learning Resources Database

Collection of educational training materials created by NLM. Includes videos, tutorials, and webinars. Institutions can use the API to auto-populate NLM learning resources on their Web site.

<https://learn.nlm.nih.gov>

ClinicalTrials.gov

Registry and results database of publicly- and privately supported clinical studies of human participants conducted around the world.

<https://clinicaltrials.gov>

DailyMed®

Searchable database of the most recent drug labels (also called package inserts) submitted to the FDA.

<https://dailymed.nlm.nih.gov/dailymed/index.cfm>

Health Information Technology and Health Data Standards at NLM

Access up-to-date vocabulary standards, mapping and terminology tools for drugs, devices and clinical services.

<https://www.nlm.nih.gov/healthit/index.html>

PubMed®/MEDLINE®

Bibliographic database comprising over 32 million citations for biomedical literature from MEDLINE, life science journals, and online books.

<https://pubmed.ncbi.nlm.nih.gov>

PubMed Central®

Free full-text archive of biomedical and life sciences journal literature.

<https://www.ncbi.nlm.nih.gov/pmc/>

HIVinfo®

Resource offering access to the latest, federally approved HIV/AIDS medical practice guidelines, HIV treatment and prevention clinical trials, and other research information for health care providers, researchers, people affected by HIV/AIDS, and the general public.

<https://hivinfo.nih.gov/home-page>

Spanish: <https://hivinfo.nih.gov/es/home-page>

Bookshelf

A collection of biomedical books that can be searched directly or from linked data in other NCBI databases. The collection includes biomedical textbooks, other scientific titles, genetic resources such as *GeneReviews*, and NCBI help manuals.

<https://www.ncbi.nlm.nih.gov/books>

Newborn Screening, Coding, and Terminology Guide

Downloadable standard codes and terminology for newborn screening tests and conditions, as well as guidance for HL7 electronic messaging.

<https://lhncbc.nlm.nih.gov/newbornscreeningcodes/>

Follow and Connect with NLM

Twitter, Facebook, RSS feeds, e-mail lists, and news updates.
